SPIRALIS

E60 — Simple & Stylish

Lightweight, simple and stylish characterize the new office partition E60 system. It is designed as a glass skin stretched between minimal structures consist of fine lines and tracks that almost disappear into the building. Despite the lightness of appearance,E60 provides also high acoustic performance.

轻盈、简洁、时尚是E60新款办公系统隔断着意突出的特点。窄小到几乎消失在建筑平面中的铝合金框架，之间延伸着通透的玻璃面板，精巧而简练的现代感跃然眼前。与超轻量级的外观并存的，是极佳隔声体验。E60带来的惊喜不止一面。

>>

E60 high-partition Future minimalist space Renovation <<

Environment friendly while aesthetic,
- less weight in frame,
- slimmer with no shadow line.

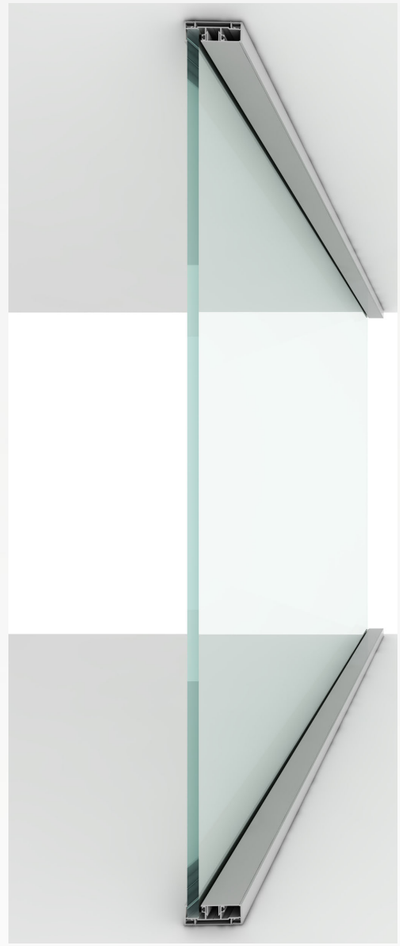

Easy for installation and logistics,
- no need to wait for final measurements,
- Frames kept in stock and delivered in long bars.

Economic while better performance in acoustics,
- Lower aluminum cost thanks to slimmer structure,
- less gaps with the elimination of the U channel of the earlier generation of partition.

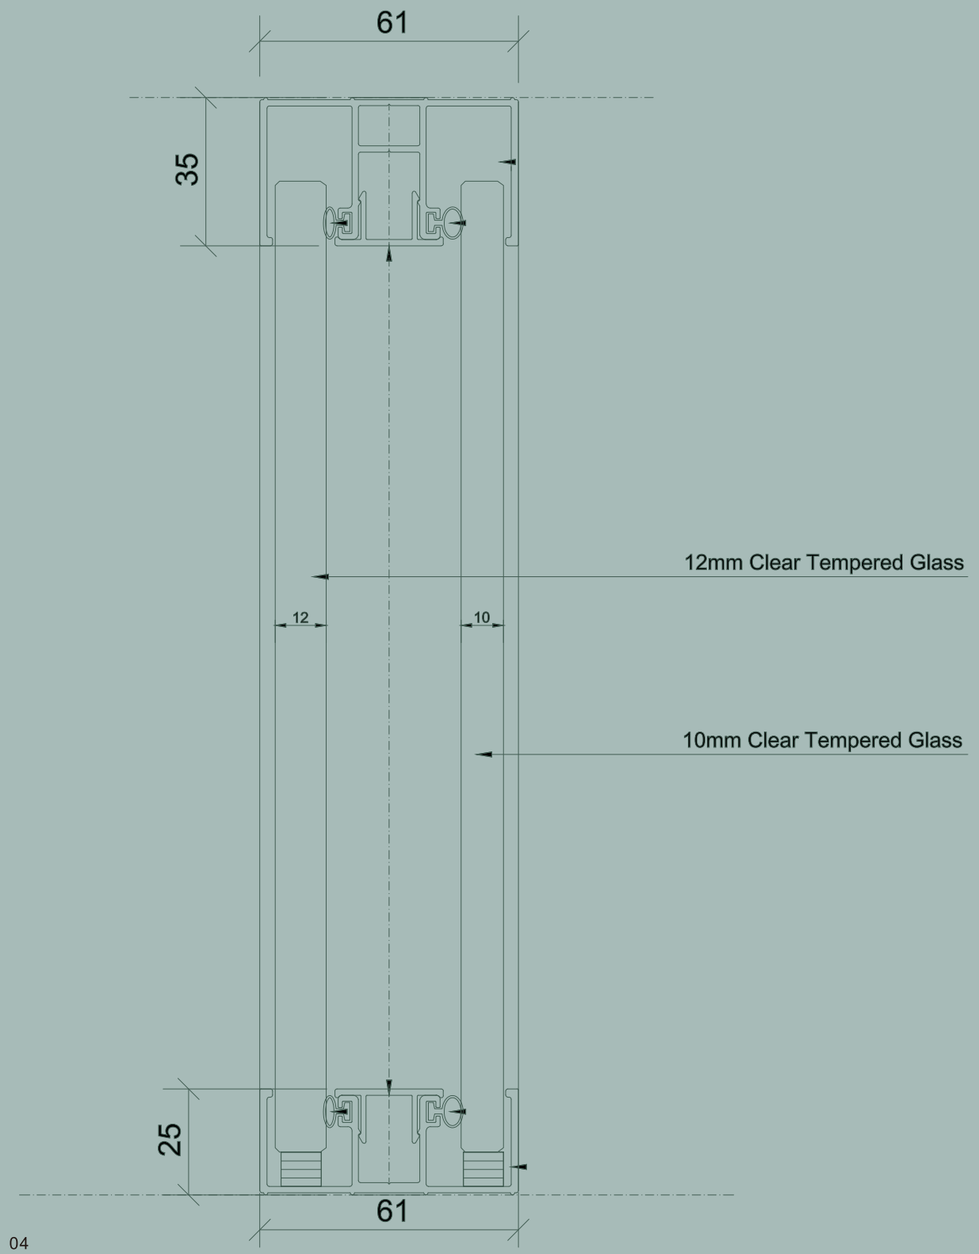

▪ 环保与美观兼具
– 更轻的金属制品
– 更细的外框线条

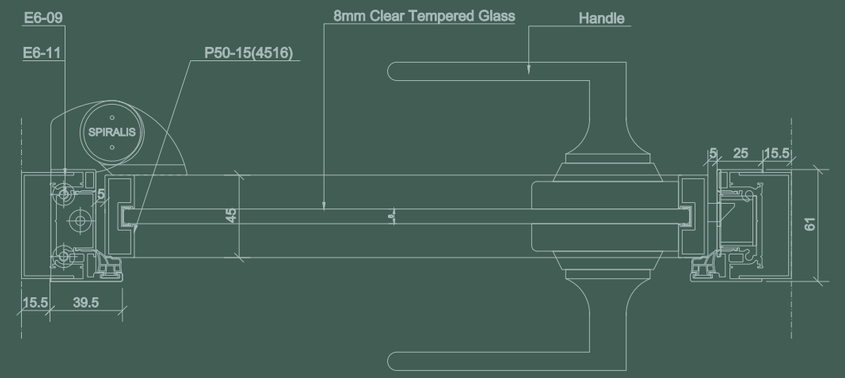

▪ 便于物流与安装
– 无需精确尺寸即可进场
– 统一长度包装

▪ 经济而隔声性能卓越
– 用料简化
– 缝隙减少

- **Transparent, smoother, higher**
  平滑通透　略高一筹
- E60 provides you with "higher" transparency by means of a horizontal intermediary beam and the overpanel.
- E60能为您打造极高的通透性空间，无痕的连接轻松组装出平滑流畅感的玻璃墙体。具有独一无二的增高结构可以满足更高的空间。

Double Glazed Partition
Frameless/Framed Single Glazed Door
60 Framed Double Glazed Door
100 Flush Double Glazed Door
Solid Door

Characterized by the use of "dry joints" by extruded polycarbonate stripes between glass panels, two or more glass modules can be installed between floor and ceiling profiles with corner and 3 way vertical joints to match.

经特殊模具挤压成型的透明聚碳酸酯条，被用于实现"无痕拼接"的玻璃组合效果，连续多个玻璃模块之前无痕通透，无论直角转折或三向连接，都可保持长时间不变型不变色的精准对齐。
